UTChinese Magazine is a leading not-for-profit Chinese student organization in Canada. Founded in Summer 2006 and based at the University of Toronto, our Mission is “to build the best platform for students to interact and to express themselves in relation to ideas, arts and culture, as well as to create the best value for their lives, their academic endeavors and their future careers”.

We are searching for enthusiastic, energetic, bold and decisive team players as Software Architects to our Information Technology Department. The objective of this exciting and rewarding role is to develop solutions for our website, BBS and organization’s information systems. The minimum work load is eight (8) hours per month.

### **Main Responsibilities**

- Design and develop extensions and plug-ins for UTChinese website and BBS
- Modify codes of the UTChinese website and BBS to meet the organization’s needs
- Design and develop information systems to support organizational operations
- Participate in *ad hoc* requests supporting departmental and organizational activities

### **Requirements**

- Knowledge and experience in computer programming and algorithms
- Excellent verbal and written communication and time management skills
- Experience in web programming and design (PHP, MySQL, HTML, Javascript, AJAX, CSS, ActionScript, Perl, XML) is a strong asset
- Knowledge of Joomla CMS or vBulletin source code is a strong asset
- Knowledge of Software Development Life Cycle is an asset
- Knowledge of smart phone application development is an asset
- Demonstrated ability to manage confidentiality
